FROM PAST TO FUTURE  
ANNUAL SCIENTIFIC MEETING**

**50TH ANNIVERSARY**

**THURSDAY 18 - FRIDAY 19 NOVEMBER | ROYAL COLLEGE OF PHYSICIANS, LONDON**

## **BSNR Trainee Day - Wednesday 17 November**

### **Welcome to the BSNR Trainee Day in London!**

Our programme for the day is divided into a series of 30-minute tutorials delivered by invited speakers, and 30-minute workshops where you will have the opportunity to review cases yourself on a workstation with an expert tutor.

The day will start at the lecture theatre in the **Clinical Neuroscience Centre at 33 Queen Square**, next door to the National Hospital for Neurology and Neurosurgery (*map included on page 4*). Please arrive on time for registration at 9am if you can. If you are travelling on the London Underground, the nearest stations are Russell Square (Piccadilly Line) or Holborn (Central or Piccadilly Line). The campus is also within walking distance of Euston, St Pancras or King's Cross stations. Please let us know in advance of any accessibility requirements.

We aim to provide lunch and refreshments on site if possible, so please make sure you have let us know about any dietary requirements or allergies.

On the day, UCL's current guidance on coronavirus measures will apply as below

- All staff, students, and visitors are expected to wear a face covering whilst indoors on campus, unless they are medically exempt
- Face coverings do not need to be worn outdoors or when eating in an appropriate place
- For those who wish to voluntarily maintain social distancing, UCL supports the "please give me space" initiative, attendees are encouraged to give each other space wherever possible to reduce the spread of Covid-19

For those attending the dinner afterwards, we will move next door to our evening venue the Art Workers' Guild at 6 Queen Square, shortly after the course concludes for the day.

We hope that you will enjoy the day, and we look forward to meeting you all!
